Other –

---- Larry, K4LRM and Jim, KQ4AVP conferred and determined that the club would keep State Farm as the insurance company of choice as they have the fairest offering. No opposition expressed by the BOD.

---- Tim, KM4YRX would like to do a presentation for non-Hams to any group on the use of GMRS radios to help them make the transition to Amateur Radio.

---- It should be emphasized to the membership that the club is a “Nonpolitical” group and political discussions are to be carried on outside of the meeting venue.

Possible meeting change to earlier in the week. We have had a few issues as the Blue Ridge Café grows. We can't blame Shawn (Sean) for wanting to grow.

Since it will be difficult to find a new location to accommodate our current size, I propose we discuss a different day of the week with Shawn. In the past, Monday's have been slow at BRC as it is with many restaurants. Should this be acceptable to Shawn, we could then propose this to the membership.
